Tip of the week

Tip of the week:

Want to give attendees at your next event easy access to your exhibitors' product information? The XNiP online archive service from Hamburg, Germany-based XNiP GmbH lets exhibitors create code numbers for each of their products. To receive more details, attendees can use a mobile device to text message the code to a personal XNiP account. The information is then sent to the XNiP account and can be accessed anywhere, anytime. The solution eliminates the need for attendees to take home stacks of promotional materials and reduces printing costs for exhibitors. For more tips, read: "[Just XNiP It](#)" in our July/August issue.

XNiP: AYH5

XNiP sofort und ohne Vorabregistrierung ausprobieren: Einfach XNiP-Code per SMS zum Normaltarif an die 53535 senden, um diese Meldung zu xnipen!
